

RIVIÈRA MAISON

# Boxspring Beds

PRODUCT INFORMATION

# Product information

## Base

- The bed frame is made out of beech plywood with Swedish bonell spring from Starsprings.
- Total height: approx. 22cm
- Leg height: 10cm

## Mattress

- The density of the mattress is 30 with a solid foam frame. This stabilizes the mattress and prevents from rolling out sideways.
- The mattress has a Swedish pocket spring core from Starsprings that is manufactured in one piece. The number of springs in the TFK is 250 per m<sup>2</sup>.
- There is no gap or foam bridge below the mattress cover.
- The mattress is anti slip. It sticks to the base and topper.
- Reversible mattress
- Total height: approx. 20cm
- Height of pocket springs: 12cm

# Product information
